

Paranormal Investigation Groups

Investigation time: 3 hours – times to be decided upon between the interested group and the Attractions Sales Manager

Areas of access: First Class Swimming Pool, Boiler Room and Engine Room will be made available to Paranormal Investigation Groups whenever possible. Please note that at times there will be events and tours occurring on the ship that could limit access to these areas but we will be able to discuss that ahead of time. Also, if there is another area that the group is interested in, this is always open for discussion between the group and the Attractions Sales Manager. Please note the Cargo Hold is no longer accessible to anyone but Queen Mary engineers due to safety issues.

Escort: Due to safety restrictions as well as to provide access to locked areas, each group MUST be accompanied by a Queen Mary escort. The escort will not hamper the investigation in any way unless they perceive a security risk or potential harm to the ship. Mainly, the escort will be present solely as a key holder.

Investigation Tools: It is understood that the group may bring all of their own equipment and that the Queen Mary will not be providing equipment of any kind. All typical Paranormal Investigation Tools are allowed on the ship so long as they do not pose a threat of physical damage to the ship. Above all else, we must maintain respect for the ship.

Rate: \$50 per person. However, a minimum of \$300 must be met for the group to go. Therefore a group of 6 would go for \$50 per person, however if the group is smaller than 6, then the minimum amount of \$300 must still be paid. If the group is larger than 6, then it is \$50 for each additional person, unless the group is 20 people or more. If the group is 20 people or more, the price per person will be lowered to \$40.
